

2027 PHI European User Meeting

April 6-7, 2027 Ljubljana, Slovenia

SmartSoft and StrataPHI Training

April 7, 2027

PHI MultiPak for XPS Data Reduction Training

PHI MultiPak for Auger Data Reduction Training

April 8, 2027

USER MEETING:

We are happy to provide a platform for the exchange of information on PHI equipment, scientific topics, and your own experiences with other users of PHI equipment. The meeting will be a mix of presentations by the PHI users and PHI staff. We invite all users to propose to us any topic they would like to present at the meeting and inform us ahead of time regarding any topics they would like to see covered in the meeting. Please use the [online registration form](#).

USER MEETING PROGRAM:

As in previous meetings, PHI will present recent news about our products along with recent applications and upgrades to your existing systems. In addition, and equally important is your feedback and contributions to the meeting. We would like to invite you to share a short 10–15-minute presentation, about your experiences using PHI equipment. Topics could be application-oriented or about features you might have developed for your system that would be of general interest to other customers. The meeting will cover all techniques supported by PHI including XPS, Auger, and Time-of-Flight SIMS.

User Meeting begins: April 6, 2027 at 10:00 AM

User Meeting ends: April 7, 2027 at 1:00 PM

PHI will host a User Meeting Dinner on the evening of April 6, 2027 for all registered attendees.

FEES:

There is **no fee** to attend the User Meeting.

MultiPak Training: €400 per person.

Registration is limited to the first 15 attendees for *MultiPak* for XPS and the first 8 paid attendees for *MultiPak* for AES.

StrataPHI Training: €100 per person.

Registration is limited the first 15 attendees and will be accepted on a first registered basis.

SmartSoft Training: no fee

Training fees include instruction, coffee breaks, and lunch.

Participants are required to bring their own laptop computer to all training sessions. Participants are responsible for all other expenses, including transportation, accommodations, and any incidental costs.

Payment for the trainings will be accepted by credit card only and will be paid on site before the training.

MultiPak for XPS Data Reduction Software Training

[Online registration form](#) is now open or visit phi.com for more information.

The **MultiPak** training session will cover the basic functions of **MultiPak** as well as focusing on more advanced features. Class size will be limited to 15 participants to make the training most effective. **Training may be cancelled if fewer than 6 participants registered.** Registrants will have the opportunity to provide program input via the online registration form before the training. A full agenda will be provided to all attendees before the training session.

Please note that all participants are required to bring their laptop computer to the class with **MultiPak** version 9.9.3 installed. If you have version 9.9.x and wish to upgrade your copy, you can do so by going to ULVAC-PHI's website to get the update file. You will be required to register @ Club PHI before accessing the download area. Trial versions of **MultiPak** can be made available if necessary.

Location

Onix 1 - Grand Plaza Hotel

SmartSoft for PHI Genesis and VersaProbe Software Training

[Online registration form](#) is now open or visit phi.com for more information.

This live training will introduce the **SmartSoft** user interface and its use for XPS data acquisition on the PHI **Genesis** and **VersaProbe**. Beginning with the Simplified Navigator interface, participants will become familiar with the software layout and workflow for routine XPS measurements. Each measurement type will be demonstrated live on a PHI **Genesis**, giving participants practical exposure to setting up and performing XPS measurements in **SmartSoft**. A full agenda will be provided to all attendees prior to the training session.

Class Schedule

Wednesday, April 7 – 2:00 am – 5:00 pm

Location

Onix 2 – Grand Plaza Hotel
