2026 PHI U.S. User Meeting
May 5-6, 2026

PHI Mulitpak for XPS Data Reduction Training **– May 4**
PHI Mulitpak for Auger Data Reduction Training **– May 4**
PHI TOF-DR for TOF-SIMS Data Reduction Training **– May 4**
StrataPHI for XPS Data Reduction Training - May 6

USER MEETING

We are happy to provide a platform for the exchange of information on PHI equipment, scientific topics, and your own experiences with other users of PHI equipment. The meeting will be a mix of presentations by the PHI users and PHI staff. We invite all users to propose to us any topic they would like to present at the meeting and inform us ahead of time regarding any topics they would like to see covered in the meeting. Please use the [online registration form](#).

As in previous meetings, PHI will present recent news about our products along with recent applications and upgrades to your existing systems. In addition, and equally important is your feedback and contributions to the meeting. We would like to invite you to share a short 10–15-minute presentation, about your experiences using PHI equipment. Topics could be application-oriented or about features you might have developed for your system that would be of general interest to other customers. The meeting will cover all techniques supported by PHI including XPS, Auger, and Time-of-Flight SIMS.

User Meeting begins: May 5, 2026 at 9:00 AM
User Meeting ends: May 6, 2026 at 1:00 PM

PHI will host a User Meeting Dinner on the evening of May 5, 2026, for all registered attendees.

FEES

There is **no fee** to attend the User Meeting**.**

Early Bird Special - $400, register before February 28, 2026, for *MultiPak* Training for XPS and AES and *TOF DR* Data Reduction software training. $100 for *Strata*PHI training.

Starting in March - $480 for the *MultiPak* Training for XPS and AES and *TOF DR* Data Reduction software training. *Strata*PHI training - $150

Participants are responsible for their own transportation and hotel costs.
